The goal of the Conference OPTIMA-2020 is to bring together researchers and practitioners working in the field of optimization theory, methods, software and related areas. The official working language of the Conference is English.

Conference topics:

- Mathematical Programming
- Global Optimization
- Nondifferential Optimization
- Continuous Optimization
- Discrete and Combinatorial Optimization. The section is dedicated to Alexander V. Kel'manov (1952-2019)
- Multicriteria Optimization
- Equilibrium Programming
- Game Theory
- Optimal Control
- Optimization Software
- Optimization in Data Analysis
- Computational Optimization
- Optimization in Economics and Finance
- Applications of Optimization in Natural Sciences, Social Sciences, Engineering, Data and Information Mining, Biology, Medicine, etc.

We also accept papers from other fields related to optimization.

Important dates:

Submission of abstracts: April 8, 2020
Full paper submission deadline: May 18, 2020
Reviews sent to authors for feedback: June 17, 2020
Author responses due: June 25, 2020
Proceedings acceptance notifications: July 20, 2020
Camera-ready version: September 1, 2020

Publication:

The information about where the Proceedings will be published is expected soon. We are negotiating with Springer about this subject. More information is available from the official web-site: <http://agora.guru.ru/display.php?conf=optima-2020>

All questions about submissions should be emailed to confoptima@gmail.com
